It is one of the most successful IDEs created by Borland because of its stability, speed and low hardware requirements, and remains in active use as of 2020. Delphi 7 added support for Windows XP Themes, and added more support for building Web applications. It was the last version of Delphi that did not require mandatory software activation.

Borland Delphi 7.0 Borland Delphi is a Windows based Object Pascal development environment. It was based on the earlier Borland Pascal product and adds a GUI IDE geared towards Rapid Application Development. Some of its functionality was merged in to Borland C++ Builder but both continued to be sold alongside each other.
