File Type PDF Break Even Analysis Solved Problems

Cost and revenue functions intersect at the break-even point. To find the solution of the system of equations $y = 29x + 1,000$ and $y = 49x$, the simplest thing to do is to use substitution, because they're both already solved for y . Setting the two y 's equal to one another, you get $29x + 1,000 = 49x$.
