British Imperialism Innovation And Expansion

Cain and Hopkins advance a new theory of British imperialism that highlights the service sector of the late 19th century economy, i.e. banking, shipping and insurance. They point out correctly that a negative balance of payments due to dwindling British exports was more than neutralized by service income.

British Imperialism: Innovation And Expansion, 1688 1914 ...

Synopsis: British Imperialism A two volume survey which provides the most comprehensive and radical survey of the subject. Presents a new interpretation of the forces behind British imperial expansion. Volume One establishes the concept of 'gentlemanly capitalism', examines the growth of empire and many of its controversial episodes, including the partition of Africa, and concludes -- against conventional wisdom -- that Britain was still a dynamic imperial power on the eve of World War I.
