1 Introduction 1.1 What is Algebra? If you ask someone on the street this question, the most likely response will be: "Something horrible to do with x , y and z ". If you're lucky enough to bump into a mathematician then you might get something along the lines of: "Algebra is the abstract encapsulation of our

This book is a good introduction into Abstract Algebra. I have several books on Abstract Algebra and I use this book as a simplified guide to help me understand the concepts. Abstract Algebra is an understudied discipline and you will find many books, including those from Charles Pinter, to be very difficult to read.
