Lynne Mctaggart The Intention Experiment

“Lynne McTaggart enters into the mind of frontier scientists in ways that inform, illuminate and even dazzle those of us who need help charting a course through complex scientific research. The Intention Experiment leaves you with palpable excitement that we are about to cross the next threshold where the power of our deepest intentions will be reflected in the design of evolution itself.”

The Intention Experiment Book - Lynne McTaggart

The Intention Experiment is a series of scientifically controlled, web-based experiments testing the power of intention to change the physical world. Thousands of volunteers from 30 countries around the world have participated in Intention Experiments thus far. Lynne McTaggart, architect of the experiments, is working with leading physicists and psychologists from the University of Arizona, Princeton University, the International Institute of Biophysics, Cambridge University and the ...

The Experiments - Lynne McTaggart

For our first Intention Experiment, we decided to start with a geranium leaf taken from the flourishing plant in the office of his colleague, Dr. Melinda Connor, using a target and an identical control.
