book of all time.

Imagination should be encouraged in children, and this book illustrates the concept for children beautifully. I love most Doctor Seuss books, but the drawings in this one are glorious and fanciful, encouraging the readers imagination to take flight.

Classic Seuss

Spanish Edition ...

McElligot's Pool is a great read for both children and parents for it gets across the idea that water knows no boundaries and it is all connected in some way. Where ever we are, we are in some way down stream from someone else. Dr. Seuss was a pioneer in kid's books and also a big environmentalist.
