Industrial Steel Processor - Steel Supplier & Distributor ...

Nucor Corporation is a producer of steel and related products based in Charlotte, North Carolina. It is the largest steel producer in the United States, as well as the largest "mini-mill" steelmaker (i.e. it uses electric arc furnaces to melt scrap steel as opposed to blast furnaces to melt iron). It is also the biggest recycler of scrap in North America.

Nucor - Wikipedia

EAF. Electric furnaces are one of Steel Plantech's core products that were succeeded from JFE Engineering (formerly NKK). The company's wealth of experience as a user of such facilities allows us to offer not only electric furnaces and ancillary facilities but also a broad range of metallurgical and operational technologies.
