Buy The 8051 Microcontroller Illustrated edition by MacKenzie, I. Scott (ISBN: 9780023736506) from Amazon's Book Store. Everyday low prices and free delivery on eligible orders.

The 8051 Microcontroller: Amazon.co.uk: MacKenzie, I ...

MacKenzie does a very good job of keeping the book informative, but does not overwhelm the reader with theory or history. He concentrates significantly on the functionality and practicability of the 8051. The 8051 assembly language is included. I was first introduced to this book in Microcontrollers class in college.
