**by Brennan, Jason ...**

The Ethics of Voting by Jason Brennan is a book which outlines a contrasting argument to the idea that it is the civic duty of individuals within a democracy to vote. The core tenet upon which his argument resides is that the individuals who do not know what they are voting for should not feel the moral obligation

### **Voting - The Volokh Conspiracy**

Indeed, it seems that there should be circumstances under which it would be wrong for some individual to vote. In *The Ethics of Voting* (Princeton University Press, 2011), Jason Brennan presents a provocative case for thinking that citizens who choose to vote have a duty to vote well. He then argues that voting

## **Notre Dame ...**

On the expressive theory, voting is a consumption activity rather than a productive activity; it is more like reading a book for pleasure than it is like reading a book to develop a new skill. On this theory, though the act of voting is private, voters regard voting as an apt way to demonstrate and express their
